FOR COMPTROLLER.

10/3/31

An Extract of the more important ~~points~~ noticed in the note on the audit of accounts of the Govt. Compt. Control Board Bangalore for the period from January 1926 to March 1930.

Para of No. Audit Report. Extract from the Audit Report. Reply of the Officer and the Head of the Department. Further remarks of the Comptroller.

1 21

There was no special rate prescribed for publication charges of the local - bodes. The rates charged for private persons were being charged to the local bodes also. The rates for private parties were enhanced in G.O.No.2915P.S. 44-25-2 dated 13th September 1926, but the local bodes were continued to be charged at the old rate. Why the enhanced rate was not given effect to in the case of local bodes may be explained.

As it has been specifically ordered in G.O.No.G.2915-61P &S 44-25-2 dated 13-9-1926, that the rates for publication of the matter by private parties should be increased by 50% and the rates for those sent by local bodes have not been ordered to be enhanced, the old rates are being levied for such matters and the concession of - charging only job cost rates when such matters exceed quarter of a page in accordance with G.O.No.G. 23611-75 P&S.29-18-27 dated 15th April 1919 has also been continued.

For orders of Government.

The following quantities of cast types amounting to 198 lbs. are noted to have been issued to the several branches of this office and their acknowledgments and requisitions were not forthcoming. It is stated they were not obtained.

Such omissions will be avoided in future and the acknowledgments obtained whenever the types are issued.

No issues should be made except on requisitions from the branches concerned, and with orders of the Superintendent thereon.

	5 "	14 Pt.	Kanarese Letters.

Types cast and taken to stock in November 1929 was 1611 lbs. But 1668 lbs. were shown to have been issued to the branches. It is explained that 5.7 lbs of type lent to the Vokkaligara-

3 33 Sangha press for printing voters lists to be got back after the work was over was included in the quantity of 1668 lbs. by mistake. It may be intimated as to when the 57 lbs. of the type were received back from the Vokkaligarasangha press and the date on which they are receipted in the stock book.

Fifty seven lbs. of types were cast and issued to the Vokkaligara Sangha press for use in connection with the voters' lists and were got back on 27th November 1929. They will be taken to stock and receipted in the cash book.

It may be observed that the types were not taken to stock untill pointed out in audit.

4. 35 - Page 174 of the stock ledger:-

on 2nd Jan. '30 Vol. 11:- Pearl Ash. - The book balance was only 14 lbs.; but 41 lbs was shown in the balance column by mistake. This quantity is certified to have been checked and found correct. It is explained that the quantity in the stock was actually weighed and found to be 41 lbs., the excess over the correct book balance was due to some of the consignments having contained extra quantities. It is presumed that the stock is checked and weighed when a consignment is received and if so it may be noted when this excess quantity was received and why it was not taken to account. Otherwise, the balance shown in the book does not exhibit actual position. It is not likely the supplier sends a larger quantity than what is paid for. It may be that the issues are not made correctly.

Two statements on the result of stock taking during audit in the stores and the paper room are herewith enclosed for information. It is observed that there are short accounts in stores and

The discrepancy is obviously due to errors in issues which will be guarded against in future.

The correct accounting of Government Stores is necessary.

In the stores statement there was only an excess of 2 1/2 yds. of long cloth which may be due to errors in measurement. In the paper statement slight excesses and

N. Madhava Rao, Esq., B.A., B.L.,

P.F. 74-30-1

with reference to your letter No: G. 10727/P.&S. 74-30-4, dated the 27th ultimo, requesting the submission of a comparative statement showing the expenditure charged to each District Board and the Municipalities of the Bangalore and Mysore Cities on account of the publication in the Mysore Gazette of the matter relating to each of them for two years prior to the issue of G. O. No: G. 5139-95/P.&S. 52-30-1, dated 12th November 1930, directing the discontinuance of the publication of Proceedings of the Local Bodies in the Gazette, and since then, I have the honour to submit herewith ~~four~~ ^{five} statements showing the amounts charged to each of the District Boards of Bangalore and Mysore Districts, Bangalore and Mysore City Municipalities and the City Improvement Trust Board, Mysore. It will be seen from the statement that the receipts have fallen consequent on the discontinuance of the publication in the Gazette of Municipal bye-laws and proceedings of District Boards and Municipalities as per Government Order dated 12th November 1930. The bye-laws of District Boards have, however, been since ordered to be published in the -- Gazette in Government Order No: G. 10316-25/P.&S.

dated 11th April 1931, which will help to a certain extent towards the improvement of receipts under publication charges.

The rates now charged to Local bodies for matter published in the Gazette are governed by G. O. No: G. 23611-75/P.&S. 79-18-2, dated the 15th April 1919. If the matter is within a quarter of a page, line account is charged at 8 annas per line for first insertion, 6 annas per line for second insertion and 4 annas per line for the third and subsequent insertions and if it exceeds quarter of a page, actual Job Cost rate is charged. The proposal to raise these rates by 50 per cent as in the case of matter published for private parties is, in my opinion, fair and may be adopted. The line account rates may be enhanced to twelve annas, 9 annas and 6 annas per line respectively up to quarter of a page of foolscap, and for matter exceeding that limit, 50 per cent more than the existing Job Cost rates.

SIR,

With reference to letter No: G. 1010/P.&S. 74-30, dated 30th July 1931, received from the Chief Secretary to Government, enquiring on what basis the existing rates charged for local bodies for publication of matter relating to them in the Gazette were fixed, and whether they are below cost, I have the honour to state that the rates for private advertisements, viz., 8 annas per line for first insertion, 6 annas per line for second insertion and four annas per line for third ^{and subsequent} insertions were fixed as far back as 1878 during the time of the Chief Commission and as they were very low according to existing conditions, I recommended in my letter No: 654, dated 16th February 1926, submitting proposals for improving the receipts of the Mysore Gazette that the rates for publication of matter by private parties may be increased and accordingly Government were pleased to sanction that the rates be increased by 50 per cent in their order No. G. 2915/P.&S. 44-25-2, dated 13th September 1926. The enhanced rates were made applicable in respect of all private advertisements, but not to matter received for publication from local bodies, as they could not be classed as strictly private parties. The question was raised at the time of local audit during 1930 to which a reply was given that as the enhanced rates referred to private advertisements only, the old rates were made applicable to local

when the matter published exceeds quarter of a page, the Job cost rates are charged instead of line account rates as per G. O. No: G. 23611-75/P.&S. 79-18-2, dated 15th April 1919. Thus, the local bodies have had large concessions in that not only the old line account rates are charged to them, but when the matter exceeds quarter of a page, Job Cost rates are claimed, which work out much cheaper than when line account rates are charged.

I therefore beg to submit that there is great necessity for revising the rates charged for local bodies. The proposal to raise the line account rates by 50 per cent as in the case of private parties, bringing the rates to 12 annas, 9 annas and 6 annas per line for first, second and third ^{and subsequent} insertions, respectively, up to a quarter of a page and to charge 50 per cent more than the Job Cost rates for matter exceeding that limit submitted in my letter No: G. 943, dated 25-5-1931, seems fair and may be adopted. The enhanced rates, while not imposing any excessive charge on the local bodies, will tend to improve the receipts under Gazette publications charges.

I have the honour to be,
Sir,
Your most obedient servant,

No. 391
SIR,

H. V. Ramaswami, Esq., M.A., B.L.,
Secretary to Government, General Department,
BANGALORE.

With reference to your letter No: G. 1822/P.&S.
74-30, dated 28th August ¹⁹³¹, requesting to be informed
whether the existing rates charged for local bodies
are below cost, I have the honour to state that these
rates are charged only up to a limit of quarter of a
foolscap page and are therefore in the nature of --
advertisement rates which do not take actual cost into
consideration but ~~are fixed~~ an arbitrary rate ~~which~~ is fixed and
enhanced or lowered ~~is~~ according to the exigencies of
circumstances.

Hence, the existing rates cannot be considered to
be actually below cost but as the same rates are in
existence for the past 53 years and as ~~recently~~ the
rates for private parties were ^{increased recently} incurred by 50 per cent,
there does not seem to be any hardship involved in
raising the existing rates for local bodies also by
50 per cent in the interests of increased revenue from
such publications.

3. G.O.No.G.9874-5/P&S.74-30-2 dated 26-3-1931, passing orders on the report of audit of accounts and reserving for separate consideration the question of enhancing the existing rates charged to Local Bodies.

4. Correspondence ending with letter G.39/ 17.9.1931 No. ~~61~~ dated ~~1-7-1931~~, from the Superintendent Government Printing, on the subject of increasing the rates for publication of matter relating to Local Bodies.

ORDER NO:

G. 3167-88

Dated, Bangalore, the 14th Oct/1931

Under the G.O. dated 15-4-1919 read above, if the matter published in the Gazette on behalf of Local Bodies is within a quarter of a page, line account is charged at 8 annas per line for ^{1st} first insertion, 6 annas per line for ^{2nd} second insertion and 4 annas per line for the third and subsequent insertions and for matter exceeding that size actual job cost rate is charged.

In the course of the audit of the

accounts of the Government Central Press for the period ending 31st March 1930, the Comptroller has raised the question ^{why} ~~whether~~ the enhanced rates/ sanctioned in G.O. dated 13-9-1926 read above in the case of private parties ^{was not} ~~may~~ be made applicable to the Local Bodies also. The Superintendent, Government ~~Printing~~ Press having been consulted in the matter recommends that the rates now charged to Local Bodies may be enhanced by 50 per cent all round, including job cost rates.

Government are pleased to sanction the above recommendation.

Rates for Publication in the Mysore Gazette.

Enhances the ——— charged to Local Bodies by 50 per cent all round, including Job Cost Rates.

Government Order No. G. 23611-75—P. & S. 79-18-2, dated 15th April 1919, prescribing the rates for the publication in the *Mysore Gazette* of matter relating to Local Bodies.

Para 3 of the Government Order No. G. 2915-6—P. & S. 44-25-2, dated 13th September 1926, providing that the rates for publication of matter received from private parties be increased by 50 per cent.

Government Order No. G. 9874-5—P. & S. 74-30-2, dated 26th March 1931, passing orders on the report of audit of accounts and reserving for separate consideration the question of enhancing the existing rates charged to Local Bodies.

Correspondence ending with letter No. G. 391, dated 17th September 1931, from the Superintendent, Government Printing, on the subject of increasing the rates for publication of matter received from private parties to Local Bodies.

ORDER No. G. 3167-88—P. & S. 79-30-12, DATED 14TH OCTOBER 1931.

Under the Government Order, dated 15th April 1919, read above, if the matter published in the Gazette on behalf of Local Bodies is within a quarter of a page, line rent is charged at 8 annas per line for the first insertion, 6 annas per line for the second insertion and 4 annas per line for the third and subsequent insertions and for matter exceeding that size, actual job cost rate is charged.

In the course of the audit of the accounts of the Government Central Press for the period ending 31st March 1930, the Comptroller has raised the question why the reduced rate sanctioned in Government Order dated 15th September 1926, read above, in the case of private parties was not made applicable to the Local Bodies also. The Superintendent, Government Printing, having been consulted in the matter, recommends that the rates now charged to Local Bodies may be enhanced by 50 per cent all round including job cost rates.

Government are pleased to sanction the above recommendation.
